## J.T. Shaw Outlines Policies

Liberal Leader Accorded Unanimous Nomination for Bow Valley

U.F.A. GOVERNMENT SEVERELY SCORED

Two-Hour Speech Interrupted by Storms of Applause

Exclusive to Bulletin

BASSANO, Alta., May 11.—Unanimously transferred the nomination as Liberal candidate for the constituency of Bow Valley in the forthcoming general election, Captain Joseph T. Shaw, leader of the Liberal party in Alberta, was given vociferous assurance that the party was solidly behind him when he accepted the honor at the convention held here Monday night.

In a speech which sounded the keynote of his campaign, and which marked the opening of his province-wide tour in which he will speak at every possible centre before election day, Captain Shaw outlined his policy to a high pitch of enthusiasm. He declared that there would be no mustering or underhand tactics and that the campaign would be one in which every Liberal would be proud to take part.

When the fight is over no one will be able to accuse the Liberal party of any dishonorable or questionable tactics.

This year will see an immense sum of money come into the Edmonton district from outside territory— from Europe and the East and South—all interested in the great new development of our natural resources. Every citizen and resident should make himself a "Committee of One" to interest in a financial way the visitors who come here to "look us over."

"We have much to sell and it is all worthy—whether it is our real estate in town and country, all destined to greatly increase in value, or our oil. We have the town and country—let us show them we are as snappy as we look. We have money from the outside in our pockets—all of us."

Let these peppy helpers—the "Small Ads"—do their share

SHOULDER cats are the latest fad in Los Angeles. The cat bounces around and arches his back every time the wearer takes a step off the dance floor. Kathryn Stanley thinks it's quite nice.

## FLAT RATE ON WATER RAISED; 3,000 CITIZENS ARE AFFECTED

The river is up. Only 2,000 citizens, however, are concerned in this rise, following the adoption by the city council, Monday night, of a recommendation from the waterworks superintendent, J. W. Turner, that the charge for flat rate consumers in the city be advanced from \$1 to \$1.25 a month.

The superintendent complained that these flat rate customers are using an undue quantity of water for lawn and garden purposes, something like 2,500,000 feet of water being "lost" somewhere in regular month. Of the 2,000 unserved residents in the city it was estimated that 1,800 are yard hydrants. The number of water consumers is approximately 15,000.

Admission discussed ways and means of inducing more citizens to install meter facilities, but ended with adopting the suggestion of a rate in flat rates from April to September this year.

## JAMES STARR FOUND GUILTY

Charged with misconduct toward his 13-year-old stepdaughter, James Allen Starr was found guilty by Judge Taylor in the district court on Monday and will come up Thursday for sentence.

E. G. Cuswell, crown prosecutor, was not required to sum up on behalf of the prosecution, Judge Taylor saying that he had no hesitation in finding defendant guilty though there might not be definite corroboration of the actual charge. Starr, mother of the girl in the case, recently was sentenced to two years in jail for contributing to her daughter's delinquency.

## Candidates Going Hard After 75,000 Extra Vote Ballots

Wise Contestants Building up Big Reserve for Final Count

This is the last week you can secure the 75,000 extra vote ballots in the Bulletin's Big Auto Contest.

Saturday night is the closing hour, however, anything mailed or brought in until Monday noon, May 17, will be accepted.

Are you lining up a big reserve for the finish or are you content with a small one?

Don't let your standing in the published list fool you. The race is on and the prize is contested. The race, while it is not yet beyond the reach of any worker.

BY JOHN OLIVER

Closely contested competitions marked the opening morning's session of the nineteenth annual festival of the Alberta Musical Festival Association which commenced at 9 o'clock with competitions running simultaneously in McDonough and First Presbyterian churches and the Great War Veterans' Memorial Hall. The festival will continue until Friday.

Ten competitions were completed. Of these seven were won by Edmontonians, one by a Calgary, one by a Medicine Hat entry, and one by a Wetaskiwin entry, which makes honors well distributed over the province.

Only in one competition was the possible of 100 marks obtained. This was in the ear test, Mrs. C. M. Murray and Miss Marjory Powell, of Edmonton, tying with 100 marks each.

In the recital, both ladies, while they got the notes perfect, made the identical rhythmic mistakes. Mr. Robertson, the adjudicator, gave them a tricky triple time melody and both were in it in quadruple. In this competition Mr. Robertson, after the recital had taken place, was so enthusiastic over the work of the two candidates that, though there is only one medal available for the winner, he offered to take a second.

## BONES IDENTIFIED AS THOSE OF FARMER OF ST. PAUL DE METTIS

Exclusive to Bulletin

ST. PAUL, DE METTIS, May 11.—The skeleton of a farmer, never identified, who left his home in August of 1923 and who had not been seen since, was found Sunday here.

On Saturday a trapper reported finding a hat in a bush which was identified as that belonging to Farmer of St. Paul de Mettis. A search party was organized from the spot where the hat was found. Bones and clothing were found, but no identification was established.

## ADJUDICATORS GYRO GUESTS

Mrs. David Bowman, president of the Alberta Musical Festival Association, and Elmyr Stutchbury, adjudicator, were guests of the city club luncheon at the Macdonough Hotel.

Each adjudicator made a few remarks on the festival and of the pleasure at being here and after the luncheon the whole assemblage passed before a motion picture presentation.

It was announced that the club had donated a silver cup for the winner of the Sunday school orchestra competition.

Dirigible Norge Hops Off From King's Bay, Spitzbergen

WEATHER CONDITIONS REPORTED FAVORABLE

Big Airship Thoroughly Prepared for Flight to Point Barrow

Special Bulletin Cable

LONDON, May 11.—The Amundsen-Elsworth expedition started for the North Pole today.

The dirigible Norge, captained by Amundsen, left King's Bay, Spitzbergen, at 10 o'clock today for the North Pole.

The Amundsen-Elsworth expedition is the first to attempt the crossing of the Arctic Ocean by airship.

The Norge is a rigid airship, built in America, and is the largest of its kind in the world.

The expedition is composed of Amundsen, Elsworth, and two other men.

The Norge is expected to reach the North Pole in about two weeks.

## CRIME RECORD FOR APRIL IS RATHER GOOD

Chief Shute Optimistic in Monthly Report to Mayor

Edmonton is getting better, according to Chief of Police W. H. Shute.

In April there were 123 crimes in the city, but it wasn't as bad as March when there were 149. And even that was slightly better than the month of February when there were 154 crimes.

Financially things looked brighter. There was a decrease of \$1,254 from the same month of 1925.

Director also had a good month, receiving over \$1,000 of the \$1,500 worth of property reported stolen.

The chief's optimistic opinion came when he reported that conditions generally during the month were very quiet, these being little signs of a serious nature, and most of the arrests being for offences of a minor character.

## 5 Trains Wrecked In Day

Special Bulletin Cable

LONDON, May 11.—Labor is tightening up the screws. With the government admitting there is little sign of a collapse of the general strike which is paralysing industry in the British Isles, the eighth day of the tie-up finds order being imposed on the Trades Union Congress this morning which will add another 500,000 to the strike roll by midnight.

All moulers, shipyard workers, and engineers who had been left on duty have been ordered out by the Congress. They will quit work at midnight tonight, and their departure from the ranks of strikers will completely tipple the tie-up.

Five Trains Wrecked

Eighteen trains are not looking that a crisis is approaching. The fifth railhead strike in 24 hours has been called off by the government. The strike is the eighth day of the tie-up finds order being imposed on the Trades Union Congress this morning which will add another 500,000 to the strike roll by midnight.

## MOTOR DRIVER CHARGED WITH MANSLAUGHTER

Emil Baron Given Hearing for Death of Harry Schonberger

Emil Baron was brought before the court today on a charge of manslaughter in the death of Harry Schonberger.

Baron is a young man, and at the time of the accident, he was driving a car with his right hand on the wheel and his left hand on the door handle.

The case was adjourned to May 12 for the hearing.

**T**HIS will be a year of extensive building in the Edmonton district and there is good reason for it. Every indication is that a banner year is beginning here—A year of exceptional tourist travel, of phenomenal activity in the development of the rich natural resources of this province, particularly oil; of early and abundant crops and increased market facilities. Real estate values will advance to figures which are but the beginning of a tremendous and constant rising movement.—A rise based on fundamental and intensive worth. . . . Men and women of proper spirit desire to own a home that properly represents their progress.

GRAIN MOVING  
EAST RAPIDLYSixty-Seven Boats Carrying  
14,792,000 Bushels Clear  
Twin Cities

Inclusive to Bulletin  
WEDNESDAY, May 12.—Grain in  
more at the head of the lake is be-  
ing moved rapidly eastward. It  
is estimated that 14,792,000 bushels  
have been cleared from the Twin Cities from  
Tuesday to Saturday of last week.

The Canadian National Railway  
and grain in quantity are being  
moving their line, with the lifting of  
freight restrictions, will be transferred  
to Port William and Port Arthur  
or shipment by boat to eastern mar-  
kets.

On Saturday 681 cars were moved  
from prairie points, leaving in store  
1,548,000 bushels, as compared with  
approximately 2,000,000 at the same  
time last year. Some grain is still  
waiting to be exported via Vancouver.

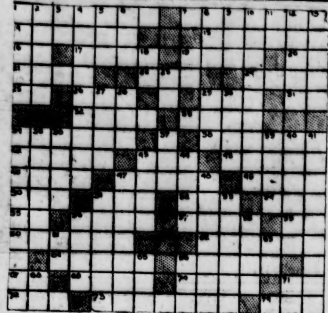

Loadings for the season to May 11  
were 137,722 cars, 17,731,000 bushels  
for the corresponding period  
of the previous season being 12,637  
cars and 118,664,000 bushels.

French Royalists  
and Police Fight

PARIS, May 10.—Three hundred  
royalists, carrying flags, broke through  
the ranks of the police in the city  
and arrested the Place of St. Louis  
and St. Louis, resulting in the arrest  
of 75 gendarmes and three royalists.  
The French charged the crowd and  
order was not restored for two  
hours.

NEW CHURCH ELDERS  
ARE ORDAINED AT  
BON ACCORD SERVICE

BON ACCORD.—An impressive  
service was conducted by Rev. J. M.  
Miller, M.A., D.D., at the United  
Church on Sunday afternoon, when  
five elders were ordained to the  
work of oversight of the congregation.  
Those were: Messrs. Alex.  
Lewin, Arthur, Carstairs, James  
McLaughlin, Thomas K. McBride  
and Walter Palmer. At the close  
of the service, Dr. Miller admin-  
istered the sacrament of the Lord's  
Supper, when the newly ordained  
elders assisted for the first time. Dr.  
Miller also presided at the altar and  
congratulated.

Sending Progress  
Sending progress are progressing  
rapidly. Nearly all the what is  
in and there is quite a large quantity.  
Some are beginning on their own  
over fifteen days of sailing without  
interruption is somewhat of a record.

A new coal mine is being opened  
on the farm of Mrs. Hall, three and  
a half miles from Bon Accord  
where it is expected a twelve-foot  
seam of coal will be uncovered.  
The municipality is having a survey  
made for a new road round the  
steep hill between here and Culberton.  
This is much needed as it is almost  
impossible for cars as it is now. The  
desire is to be made through Ar-  
thur McCuba and Mr. Davidson's  
to access.

Also it isn't difficult to sell out  
a load of any magazine if you first  
sell out to the gods of mail.

EPIDEMIC THREATENS  
MUNSON CITIZENS

MUNSON.—German measles and  
scarlet fever have hovered around  
this district all winter and spring  
and are spreading to other places.  
At present, there are about half a  
dozen homes placarded with the  
quarantine notices.

Tree-planting is very general this  
spring, many of the farmers placing  
as many as 2,700 trees.

Citizens attended the ladies' play.  
The Lady Laid Aid, given by  
the ladies of Munson in their hall on  
Tuesday night last.

When seedling is well along in  
the district, a great many having  
finished. There is plenty of water  
and fields are turning green.  
There are a few cut worms but as  
the threat is no damage reported.  
The Munson tennis club are pre-  
paring a second court.

Last  
Chance

Absolutely the last chance to secure the 75,000 extra vote ballots. Regular  
vote schedule declines almost ten per cent after Saturday night. Candidates  
should try and make this their record week, as never again during this  
competition will subscriptions count as much as they do this week.

## SPECIAL PRIZE

A standard Ford Touring car will be given as a special prize to the candidate who turns in  
the greatest amount of subscription money between the dates of Saturday, May 1st, and  
Saturday, May 22nd, both dates inclusive. The Ford was purchased from and is on exhibition  
at the Dominion Motors Limited, Edmonton's Ford Dealers, 102nd Street, South of  
Jasper Avenue.

## SECOND PAYMENT SUBSCRIPTION

If you have worked your territory  
thoroughly and do not know where  
to turn for subscriptions, why not  
call on the subscription men or see  
the farmers on the rural route? Or  
if you are not in a position to get  
out of your town or city why not  
try to get second payment from  
subscribers who have given you short  
term subscriptions? You can gain  
many vote this way.

For instance suppose Mr. A. gave  
you a mail subscription for six  
months the first of the contest with  
the first schedule was he four.  
You received 10,000 votes for the first  
six months subscription. Now if you  
can get Mr. A. to give you another  
six months' which would make up a  
year to the Bulletin, you will receive  
enough additional votes for the  
second payment of six months to  
make up the vote allowed for a full  
year's subscription during the period  
when the first payment was made  
of 10,000 votes.

So, suppose Mr. B. gave you one  
year's mail subscription between the  
dates of April 1st and April 15th,  
you receive 20,000 votes if it was an  
old subscription. Now if he gives you  
another four years to make up the  
full five years, you would receive the

difference between 160,000 votes  
which was given for a five-year  
subscription between the dates of  
April 1st and April 15th, when the  
first payment was made, and the 20,000  
votes you have already received  
for the second payment com-  
pense those on the schedule in force  
when you turned in the first pay-  
ment to the Contest Office.

NOTE.—Subscriptions of this kind  
are to be marked "Second Payment"  
on the receipt which must be sent to  
the Contest Office. You must write  
on the back of the stub the date that  
you turned in the first subscription,  
the amount of cash paid for the first  
payment, and give the receipt number  
of the first payment, also the  
name of the candidate that collected  
the first payment. If the subscrip-  
tion is not given, second payment  
votes will NOT BE GIVEN for the sub-  
scription. As it will be impossible to  
figure out the correct amount of  
votes. Write the details as outlined  
above ON THE BACK OF THE RE-  
CEIPT. EXCEL, who is in charge of the  
Contest Office, or you will only  
receive the regular number of votes  
for second payment subscriptions.

Why let CARBON Continually put your  
Car in the Repair Shop?

CARBON is the most annoying—and at  
the same time the most destructive ele-  
ment with which you must contend in  
the operation of your motor car.

It costs you money in frequent repair bills and  
in rapid deterioration of your motor and causes  
you annoyance by the knocking, missing, weak-  
ened condition it brings to your otherwise good engine.

The amount of carbon deposit—and carbon  
trouble—which you have, is determined by the  
motor oil you use; because carbon is produced  
when the oil burns in your cylinders.

To avoid carbon troubles use the motor oil that  
successfully combats carbon—Marvelube—  
manufactured from a matchless grade of Peruvian  
Crude Oil—a crude oil that is remarkably free  
from carbon. The Marvelube Process, by which

it is made, is a new and revolutionary step for-  
ward in lubricating oil refining science, de-  
veloped after four years of research. It reduces  
carbon to the merest trace in the finished oil.

No other motor oil can match Marvelube in  
this almost carbonless quality, because  
Imperial Oil Limited controls Peruvian crude  
oil, while the Marvelube Process is the sole  
property of Imperial Oil Limited.

Use Marvelube Motor Oil. Save money on  
repair bills. Keep your car on the road—  
smooth and powerful in its everyday performance.

Marvelube is made in six grades—including  
Marvelube "F" for Ford cars. It is sold at  
Imperial Oil stations and by good dealers  
everywhere. The standard retail price of  
Marvelube from bulk is 40c. per quart.

## PARTY POLICY ANNOUNCED BY CAPT. J. T. SHAW

Continued from Page One

In the evening, speaking at a public meeting, Capt. J. T. Shaw announced the policy of the Liberal party in the forthcoming election. He declared that the party's policy was to secure the best government for the people of Alberta, and that the party would support any measure that would improve the lot of the people.

### CHICAGO CASH

Wheat, May 11, 1926.

When in conclusion he declared that the Liberal party invited the confidence of the people of Alberta on a policy of action and a constructive programme.

His solution of the Northern railroad problem was especially greeted with enthusiasm.

"First the government must get control of the railway by a settlement of the Royal bank claim, and a satisfactory mutual agreement, or failing that by immediate court action," he declared.

"A corporation with a minor claim must not be allowed to hamstring a government representing 600,000 people, and with an admitted in-
